

ANCESTRAL LANDS

KNIFE RIVER INTERNSHIP

JUNE 12 - SEPT 1

BIOLOGY TECHNICIAN INTERN

Over the course of 12 weeks, you will get to discover the many different aspects of their park. Knife River Indian Villages and the Southwest Conservation Corps are committed to offering this intern a diverse experience within the park. The park's prairie restoration project will be the central focus of the term, but there will be many opportunities to work with every department of the park. Find where you fit!
