www.nhsc.edu

Dear Colleagues:

NHS College will be opening the building to staff and employees on March 22, 2021 for work. All people entering the building will be expected to practice Covid-19 protocols. Employees and visitors will enter through Door C, have their temperatures checked, sign in, wear masks in common areas and practice social distancing. These measures will help to ensure the safety of our visitors and employees.

Classes for the spring semester will continue to be virtual. However, students may come to the College for assistance. Students must have a pre-scheduled appointment. This will ensure whomever they need is available to help them. Students must also follow the Covid-19 protocols entering Door C, have their temperature taken, sign in, wear a mask, and practice social distancing for the safety of our students and employees.

These processes will be in place until May 1, 2021 at that time NHSC Administration will assess the situation again.

Please remember: wear masks, wash hands frequently, & practice social distancing if we all do our part we will soon be back together in person.

Thank you,

Twyla Baker, Ph.D.
