- Successfully complete multiple simple & complex work assignments.
- Serve as an administrative assistant to the Information Technology (IT) Director
- Provide outstanding customer service with regular communication regarding the status of repairs and installations including notification when repairs are complete.
- Train staff and students on troubleshooting to reduce basic support requests.
- Participate in IT projects.
- Achieve and maintain knowledge of all applicable site procedures.
- Exercise appropriate workflow and time management procedures.
- Ensure system and all personnel information are appropriately secured.
- Handle service request or immediately forward service requests to the appropriate IT staff for resolution if problem cannot be handled within provided time constraints.
- Troubleshoot the system problem and complete repair in a timely and efficient manner, insuring minimal recurrence of problem.
- Handle all helpdesk inquiries in a timely manner and record all request and incidents.
- Appropriately document all required information into the help-desk/call tracking system.
- Meet required productivity expectations, including site specific service metrics.
- Partner with technology team members to communicate new solutions and assist other technicians when call volume is high.
- Coordinate department meetings and schedules of IT repairs and installations.
- Comply with all NHSC policies, practices and regulations.
- Perform other duties as assigned

REQUIRED KNOWLEDGE, SKILLS & ABILITIES:

- Bachelor's Degree in computer science or information technology
- Verifiable Jenzabar system (EX, CX etc.) experience
- Able to maintain records and generate reports based on data entry activities
- Thorough, organized and resourceful in completing tasks independently
- Strong troubleshooting capabilities
- Excellent customer service skills
- Excellent communication skills, both written and oral and have good organizational skills
- Working knowledge of Microsoft Windows operating systems, Microsoft Office *.*
- Candidate will need to have a valid driver's license and the ability to drive between sites in a College campus environment.
- Working knowledge of helpdesk system and server administration

PREFERRED SKILLS

- Bachelor's Degree in computer science or information technology
- Extensive knowledge of PC and MAC is preferred
- Two (2) years of PC support, diagnostic/troubleshooting and repair experience
- CompTIA A+ or ability to attain within 12 months of employment

PHYSICAL DEMANDS & WORK ENVIRONMENT:

Work Environment: Administrative functions are performed in an office environment. Customer and occasional site visit may be required.

Physical Demands: While performing the administrative functions of this position, the employee may be required to stand, walk, speak, hear, including close vision at a computer terminal and sit and use hands and fingers to handle, write or key stroke. Employee may move loads up 50 lbs.

[The foregoing physical demands and work environment are representative of those which must be met to perform the essential functions of this position; however, reasonable accommodation may be available to enable individuals with disabilities to perform the essential functions of this position.]

Applications are available on-line at www.nhsc.edu.
