section on the limitation of the
number of participants.**

“Nueta Hidats Sahnish College is an equal opportunity and affirmative action institution that does not discriminate on the basis of race, age, color, national origin, sex or disability in its admissions, employment practice, educational programs or other related activities.”

Nueta Hidatsa Arikara College, North Dakota State University and the Tribal Colleges have collaborated to design the standards-based academic instruction in this unique Sunday Academy. Funding for this program is provided by North Dakota Experimental Program to Stimulate Competitive Research (NDEPSCoR).

Nueta Hidatsa Sahnish College
Presents:

**Sunday Academy
High School**
*Science, Math, Engineering,
Technology*
Program
Sept. 18, 2022
March 5, 2023

Nueta Hidatsa Sahnish College will provide quality Cultural, Academic and Vocational Education and Services for the Mandan, Hidatsa and Arikara Nation.

Sunday Science Academies at NHSC

Purpose:

The purpose of the Sunday Academy is to generate an interest in math, science, engineering and technology among high school students through involvement in constructivist and hands-on/minds-on activities.

Students will:

The students will be given an opportunity to meet together in an informal friendly atmosphere at Nueta Hidatsa Sahnish College and be presented with day-to-day problems involving standards-based math, physics, chemistry, engineering and technology.

Student Incentive:

Each tribally enrolled student who attends and participates in these sessions will be eligible to receive a \$25.00 stipend. Lunch will be included for all.

Eligibility:

All high school students are eligible to participate in the academy. No specific criterion for selection is necessary. Priority will be given to juniors and seniors and the students who participated in the Sunday Academy program and/or the Summer Camp.

A total of 30 students will be selected evenly from each of the four area high schools. To ensure a spot in the program, it is highly recommended to return your application before the first Sunday Academy.

Expected Outcomes:

- ◆ Attracting more high school students into math, science, engineering and technology careers.
- ◆ Improving problem solving skills of students entering tribal college math, science, engineering and technology programs.
- ◆ Improving the understanding of the importance of math, basic science, engineering and technology principles.

When:

There will be Seven academies meeting once a month at NHSC from 10:30 to approximately 3:00:

Sept. 18, October 16, November 13, December 11, January 22, February 12, and March 5, 2022
