Financial Aid cannot disburse ANY aid for a semester until charges have been applied.

Financial Aid cannot disburse Federal Aid until after Census Date. Please refer to Academic Calendar for Census Date.

Disbursements begin for an academic year after charges have been applied for FALL semester and must be done by June 30th.

This means that from July 1st until Charges are applied in the Fall, **ABSOLUTELY NO FINANCIAL AID DISBURSEMENTS** can be pushed over.

This includes “year-round” Grants
Stipends!

Non-Federal Aid is typically disbursed about one week before Federal Aid. This timing allows our office to complete all necessary checks and verifications following the Census Date to ensure the accuracy of the Federal Aid awards.
